

The Snack Stand Committee has outlined the responsibilities of the different stations within the snack stand. We are hoping that by doing this, it will assist parents in understanding how the stand operates and what their duties are when they are scheduled to work their shift. We feel this will help us flow more efficiently and take care of our customers better. It will also decrease the amount of time needed at the end of the shift for clean-up!!!

As always, we thank you for your support of the stand & the organization and if you have any comments or suggestions, please feel free to let us know.

Station #1 ~ Hot Stand

- The responsibilities of this station include cooking the food and cleaning the Hot Stand and re-stocking the freezer at the end of the evening.

Station #2 ~ Hot Dog Machine / Crock Pots (if any) and the Snow Cone Machine

- The responsibilities of this station include filling any hot dog and snow cone orders as well as any crock pot orders. Orders will come from the people working the window. In addition, responsibilities include cleaning the hot dog machine, re-stocking the rolls (if needed), cleaning the snow cone machine and re-filling the syrup containers

Station #3 ~ Nacho Cheese Machine, the Coffee/Hot Chocolate & Cold Drinks, Sunflower Seeds and Ice-cream (freezer)

- The responsibilities of this station include filling any nacho orders (with cheese or salsa), any coffee or hot chocolate orders, getting the cold drinks, seed orders or ice-cream as needed. In addition, responsibilities include cleaning the cheese machine, re-filling the coffee / hot chocolate items, re-stocking the drinks in the cooler upstairs and replacing any seed packets.

Station #4 ~ Candy Counter, Money Drawer, Pretzel Machine, Hot foods and all bagged snacks.

- The responsibilities of this station include the candy, pretzels, hot foods and bagged snacks. Those working at the window will need to tell the floater when more hot food is needed. In addition, responsibilities include cleaning the pretzel machine, wiping down the warmers and re-stocking the snacks and candy.

Station #5 ~ Floater

- The responsibilities of this station include doing whatever is needed during the evening. They can float to the other stations, keep soda cooler full, let hot stand know when more food is needed, keep the bathrooms clean and full of toilet paper, keep the condiments full and fill the candy / snacks throughout the shift as needed. This also cuts down on the time at the end of the shift in terms of re-stocking. In addition, responsibilities include wiping down the counters and moping the floor at the end of the evening.
